

JAPAN LOOKS TO U. S. FOR REDRESS

Firmly Asserts That the National Government Must Maintain Faith in Observance of Treaty.

NOTHING LIKE ULTIMATUM

Rejoinder to American Reply to Protest Against California Law Leaves Way Open for and Invites Further Discussion.

Washington, June 2.—Japan's rejoinder to this government's reply to the Japanese protest against the California anti-alien land ownership law was submitted to the Secretary of State by Viscount Chinda, the Japanese Ambassador, at 4 o'clock this afternoon.

Secretary Bryan turned the note over to the President this evening and had an extended conference with him. It has not been decided whether the Cabinet will take up the question at a special meeting to-morrow or whether action will be delayed until Friday, the regular Cabinet day.

As has been indicated in dispatches from Tokyo, the rejoinder sets forth in considerable detail that the attitude of the United States government toward the Webb-Bloodgood law is not satisfactory, and that the explanations and other representations in Secretary Bryan's reply do not meet the contentions of Japan that the commercial treaty of 1911 has been violated and that the law is both discriminatory and humiliating in its spirit.

Looks to Federal Government.

The Foreign Office at Tokyo looks to the national government to prevent the enforcement of the objectionable law. It does not look favorably on the proposal or suggestion that the Japanese in California have redress in the courts and that Japan could virtually take the initiative in testing the validity of the act in the light of the rights guaranteed by the commercial treaty. It is firmly asserted by Japan that it depends upon the United States to maintain faith in the observance of a treaty and that the national government should institute such judicial action as the exigencies of the situation require.

Full recognition of the "states' rights" theory and its relation to the controversy is given by Japan, but the Foreign Office is not inclined to believe that a state has the right to enact laws which contravene treaties, although there is a clearly defined difference of opinion between the Department of State and the Foreign Office as to whether the commercial treaty has actually been violated. The contention of Japan is that treaties would go for nothing if states had the right to enact laws in defiance of the national government, as it is contended, was done in California.

Secretary Bryan and Ambassador Chinda conferred for more than an hour following the presentation of the note. While the notes exchanged are necessarily decidedly formal, the discussion between the diplomatic representatives of the countries is free and friendly to the greatest degree, so that every phase of the question is debated. Neither Mr. Bryan nor Viscount Chinda would discuss the contents of the rejoinder, although both indicated that there was a possibility of the notes being made public.

Invites Further Discussion.

Nothing in the nature of an ultimatum is contained in the Japanese note. Its general tone is to invite further discussion of the controverted points, and it contains nothing tending to make up a final issue.

Further representations will be made by the United States, and an effort will be made to satisfy Japan that the treaty has not been violated and that California was wholly within her rights in enacting the legislation in question.

MILITANTS CUT SHORT MR. CHURCHILL'S SPEECH

Create Big Disturbance When He Introduces Commander Evans—\$75,000 Fire Started.

London, June 5.—Winston Spencer Churchill, First Lord of the Admiralty, who is the particular object of suffragette animosity, was compelled, on account of many interruptions, to cut short his speech introducing Commander Evans at Queen's Hall last night. Commander Evans delivered a lecture on the British South Polar expedition in which Captain Scott and others lost their lives.

During the few minutes while Mr. Churchill spoke a dozen suffragettes raised disturbances and were ejected. Several men, who assisted in the disorder, were treated with scant mercy by the sturdy stewards.

Premier Asquith attended the lecture, but refrained from appearing until the First Lord of the Admiralty had finished. Damage estimated at \$75,000 was done on Tuesday night by a militant suffragette "barrage" who set fire to a newly constructed but unoccupied house at Westwood, near Trowbridge, Wiltshire. The women left behind them a placard bearing the words "For damages apply to Runciman."

The Right Hon. Walter Runciman, Commissioner of Woods, Forests and Land Revenues, addressed a meeting at Trowbridge on Tuesday night, in the course of which a number of suffragette interrupters were ejected.

KINDERGARTEN CLOSING TO-DAY

The closing exercises at Miss Jody Hunter's Kindergarten Training School, No. 15 West 127th street, will be held this afternoon at Aeolian Hall, No. 25 West 64th street. There was an exhibit of the school's work yesterday.

M'COMBS'S HEALTH GOOD; NO OPERATION NECESSARY

Enjoying Life in Paris, He Has Nothing Whatever to Say About Politics Here.

Paris, June 4.—No surgical operation whatever has been performed on William F. McCombs, who is to-day in better health than at any time since he left New York. Mr. McCombs, who was greatly fatigued by his work in the Presidential campaign, suffered on the voyage to Europe with slight intestinal inflammation that subsequently threatened development into appendicitis, but this was avoided by rest and diet, and his medical advisers seem confident that no operation will be required. His condition is satisfactory. He walks about, taking an occasional outing in the Bois, and is enjoying himself with friends or in restaurants.

Mr. McCombs had nothing to say about either New York City politics or New York State politics, but it may be confidently asserted that the latter has a much greater personal interest for him than the former.

MAY AVERT BIG STRIKE

Conference in Shipbuilding Trades Adjourns for a Week.

London, June 4.—There is some hope at the last moment that the threatened great shipyard strike will be averted. A prolonged conference of employers and men was held at Edinburgh yesterday to consider again the men's demands for an increase of 5 per cent in the piece rate wages and a farthing an hour in time rates.

As a result of the ballot the standing committee of the trades went into conference with the shipbuilding employers. The federation is prepared to insist on the granting of the men's demand with an alternative strike of 100,000 men, which would bring the shipbuilding trade boom to an end. The ballot showed 12,215 voting for the strike and 4,348 to postpone the demand for three months.

The conference, which began at noon, was carried on with little progress for several hours. Both sides held out determinedly against a compromise, but later a hopeful development occurred and the conference adjourned for a week.

MAY BACK BULGARS

Believed Rumania Has Offered Aid in Case of War.

London, June 5.—Instead of making peace, the new Cabinet of Bulgaria may be more bellicose than the previous one, for late reports indicate that Premier Guechoff resigned because of the irritation shown in military and political circles over his concessions to Greece and Serbia. Another disturbing feature is the growing indication that Rumania is backing Bulgaria, and diplomats believe that Rumania has already offered to join with Bulgaria in case of war.

Greece and Bulgaria have agreed in principle to submit their conflicting claims to arbitration. Bulgaria desires to submit her claims to Salonica to the six great powers, but Greece wants the triple entente—Great Britain, France and Russia—to settle the dispute.

A dispatch to "The Daily Telegraph" from Bucharest says that the cabinets of all the Balkan States are preparing to resign, leaving the tangled affairs of the alliance in the hands of the new governments.

VAN DYCK BRINGS \$11,000

Paintings Shrink in Value at Kraemer Sale.

Paris, June 4.—The three days' sale of the second part of the Kraemer collection has produced \$100,000, showing a considerable shrinkage in value for paintings, old and modern, but a general rise in prices for old furniture.

Van Dyck's portrait of Spinola was bought by a dealer for \$11,000, for which \$10,000 had been asked. Van Dyck's portrait of Guzman, estimated at \$8,000, sold for \$5,000. Primitives went cheap at from \$300 to \$2,000.

Pastels were rather dear. An eighteenth century portrait of an artist, 60 by 50 centimetres, in a carved wooden frame, estimated at \$300, brought \$1,200. Furniture and chests of drawers brought 30 per cent above the estimated prices.

The sale will close to-morrow, when clocks, bronzes and tapestries will be disposed of.

SPILLS GALORE ON TRACK

Hagan Wins Brighton Motorcycle Derby in Fast Time.

In a race replete with spills, Billy Hagan, of Brooklyn, rode to victory in the twenty-five miles Brighton Derby at the stadium motorcircuit last night, defeating Harley Thomas, of Philadelphia, by two feet. The time for the distance was 20:09.25 seconds, lowering the mark established by Arthur Chapple last year.

George Mercer, of New York, and Franz Krebs, of Newark, furnished the spectators with thrills with falls in the heat of the race. Mercer dropped to the track while leading the pack, and nothing but a miracle kept him from being ground under the wheels. Krebs skidded 100 feet at the tape in the twentieth mile of the race, and went out for good. He turned several flips while sliding along the boards, but came off without serious injury.

The dampness made the track slippery, and the evening's racing was marred by falls. At the finish of the second heat of the three-mile novice one-half the track are lights went out through a blown fuse, and the entire field fell, causing the race to be called off. Will Gibson had taken the first heat in 2:21.5 and Bert Saker, of the Bronx, had taken the second heat in the same time.

KING HAAKON ON NEW LINER

Accompanies Kristianiafjord, Bound Here, as Far as Bergen.

Christiania, June 4.—King Haakon of Norway left here to-day to proceed as far as Bergen on board the transatlantic steamer Kristianiafjord, of the new Norwegian America Line, which sailed on her first trip to New York. His majesty was accompanied by several Norwegian Cabinet ministers and a number of Deputies, who also will land at Bergen.

TEUTON SAILOR WINS BOY TRAVELLER'S HEART

Lad Refuses to Leave the Cleveland Until Father Invites Quartermaster to Visit Him at His Home.

WELLS KINKAID AND CHARLIE FEHRMAN, THE BIG TEUTON QUARTERMASTER OF THE CLEVELAND, HE WOULD NOT LEAVE.

A friendship which began on February 4 between a five-year-old boy and a big German sailorman caused bitter tears to be shed last night on the Hamburg-American Line pier in Hoboken when the steamship Cleveland ended her world cruise from San Francisco.

The boy was Wells Kinkaid, of Sistersville, W. Va., and Charlie Fehrman the Cleveland's quartermaster. The boy's father was on the pier to meet him and his mother, but the little fellow would not come ashore until "Charlie" came with him. Mrs. Kinkaid explained that Wells had become so attached to the quartermaster that he doubted the child would return home without him.

The little fellow was glad to see his father, but clung closely to the big hand of the German sailor throughout the meeting. "Charlie" was told to try to steal away aboard ship, but the child saw him and went copiously. He stopped only when assured that the quartermaster would visit him in West Virginia.

Wells Kinkaid, accompanied by his mother, Mrs. "Jack" Kinkaid, and his grandfather, Ephraim Wells, was a passenger on the Cleveland when she left San Francisco on February 6. On the first day out Wells saw "Charlie" and his men polishing a brass rail, and as he

KAISER THANKS AMERICANS

Jubilee Fund of \$12,000,000 for Public Benefactions.

Berlin, June 4.—The Emperor to-day expressed his gratitude to the American contributors to funds for jubilee memorials. His majesty referred in particular to the commemorative dispensary and additional wing to be erected for the New York Hospital. Tributes to German-American generosity appear in all the leading newspapers.

The festive wave is now apparent all over the country. A great army of workmen is now engaged putting the finishing touches to the Berlin street decorations. This work is being supervised by artists retained by the city authorities to assure a beautiful, harmonious picture. No expense is being spared to make the adornment as impressive as possible.

The jubilee fund has now reached more than \$12,000,000. It is all to be expended, in accordance with the Emperor's wish, on works of public benefaction.

SHIRLEY KELLOGG MARRIED

Weds Albert de Courville, London Hippodrome Manager.

London, June 4.—Miss Shirley Kellogg, the American show girl, was married to-day to Albert de Courville, manager of the Hippodrome here, and part author of the Hippodrome revue in which Miss Kellogg has been appearing. The marriage took place at the Strand Registry office. The couple have gone to France for three weeks.

The bride was formerly a hairdresser in New York, and first won stage fame in the chorus of "Miss Innocence."

KING RIDES IN DIRIGIBLE

Victor Emmanuel Interested in Throwing of Bombs.

Rome, June 4.—King Victor Emmanuel, together with his principal aid de camp, General Ugo Brusati, to-day made a flight in a military dirigible balloon at the army flying grounds at Bracciano, about twenty miles from this city. The King was greatly interested in the throwing of bombs from the balloon against fixed and movable targets on the ground.

EX-PRIME MINISTER CUT IN HUNGARIAN CHAMBER

Wild Scenes Mark Resignation of Premier—Troops Guard Parliament Building.

CAPTAIN WIELDS SABRE

Cabinet Head Quits Because Deputy Who Accused Him of Corruption Was Acquitted in Libel Suit.

Budapest, June 4.—The announcement in the Chamber of Deputies to-day of the resignation of the Hungarian Premier, Dr. Ladislaus von Lukacs, and his Cabinet was preceded by scenes of uproar and violence surpassing any yet witnessed in this turbulent House. The authorities, expecting trouble, closed the approaches of the Parliament building to the public by strong bodies of infantry and cavalry, supported by a machine gun and detachments of police and gendarmes.

When Count Tisza, the Speaker of the Chamber, and Premier von Lukacs entered the Chamber they were greeted by the Opposition with shouts, jeers and insulting epithets. After several unavailing attempts to obtain quiet, the Speaker ordered the expulsion of several of the Opposition Deputies and summoned the parliamentary guard to eject them.

The appearance of the guard started pandemonium. One of the guard seized Deputy Leher by the coat collar and called him offensive names.

"You scoundrel! This is indecent!" exclaimed Count Khuen von Hodevsky, the former Premier, addressing Captain Leher, the commander of the guard. Leher drew his sabre and struck the Count three on the head.

His face streaming with blood, the ex-Premier staggered and fell into the arms of a friend. Cries of "murder" resounded through the hall. The fury of the Opposition deputies was almost uncontrollable until it was ascertained that the injuries of Count Khuen von Hodevsky were only superficial.

At length, Julius Jusch, the Opposition leader, succeeded in quieting his followers, and the sitting, which in the meantime had been suspended, was resumed.

Premier von Lukacs then announced the resignation of his Cabinet, which was greeted with frantic outbursts of jubilation by the Opposition.

The Premier determined to resign owing to the acquittal of Deputy Deszacs in a suit for criminal libel brought against him for accusing Dr. von Lukacs of corruption in connection with some contracts with the Bank of Hungary, at the conclusion of which the Premier had accepted about \$20,000, which he devoted to political party purposes. The court declared the remarks of Deputy Deszacs to be privileged.

LIE PASSED IN ITALIAN CHAMBER OF DEPUTIES

Sitting Has To Be Adjourned as Result of Tumult Accompanying Graft Debate.

Rome, June 4.—The lie was passed in the Chamber of Deputies, libel suits were narrowly averted and the sitting had to be adjourned to-day as a result of the tumult and disorder accompanying the debate on the graft charges.

At the end Deputy Riccardo Luzzato, who was gravely compromised in the report of the committee investigating the charges, tendered his resignation, which was accepted.

Signor Colaninzi started the debate by declaring that a false impression had gone abroad that the greater part of the funds for the construction of the palace had been misappropriated. As a matter of fact, while there had perhaps been some graft, it had not reached anywhere near the proportions generally believed, and there was hardly a civilized nation in which there had not been greater graft scandals.

The fireworks began when Signor Chiesa accused Signor Griffo of acting against the interests of the state.

Griffo, his face flaming with rage, sprang to his feet.

"You are a liar!" he shouted, and started toward Chiesa. Amid great tumult the men were quieted and the debate resumed.

This was only for a few moments.

however. When Signor Sonnino declared that the Chamber could not form a proper judgment on the committee report Chiesa again threw the Chamber into disorder by shouting at the top of his voice, "Down with hypocrisy!" The tumult became so great that it was necessary to suspend business.

When quiet had been restored Signor Estrema began to shout "Down with the President!" and used such language that President Marcora, enraged, started toward him. It was with difficulty he was restrained by Signors Montanini and Camerini. For the third time the sitting had to be suspended.

Finally a vote was taken and the report of the committee was approved.

RED TAPE BARS MARRIAGE

Mrs. Huger Pratt and Prince Leave Florence for Paris.

Florence, June 4.—Mrs. Huger Pratt and Prince Karageorgevitch have had to give up an attempt to be married in Florence, as the authorities required the signing of too many legal papers and put all kinds of impediments in the way.

The couple have gone to Paris, where both are domiciled, and expect to be married there soon.

CONSIDER WAR INDEMNITY

Delegates of Powers and Balkan States Meet in Paris.

Paris, June 4.—Fifty delegates of the great European powers and of the Balkan states met at the French Foreign Office to-day to settle the financial questions arising out of the recent war in Turkey, and especially to determine what portion of the Ottoman debt must be taken over by the Balkan allies. They will also consider the question of a war indemnity. Their deliberations will probably last a considerable time.

Stephen Pichon, the French Foreign Minister, presided at to-day's meeting, which he opened with a speech, in which he expressed hopes for a satisfactory outcome of the delegates' deliberations. He afterward gave a luncheon in honor of the delegates.

NEW GERMAN DREADNOUGHT

The Markgraf Launched at Bremen Has Powerful Armament.

Bremen, June 4.—The German dreadnought battleship which is to replace the old Weissenburg was launched here to-day and named the Markgraf. The new warship displaces approximately 25,000 tons. She is designed for a speed of twenty-one knots, and her armament is to be very powerful, consisting of ten 14-inch guns and thirty guns of smaller calibre. She is fitted with ten submerged torpedo tubes.

MILLIONS FOR CANADIAN ROADS.

Ottawa, June 4.—Parliament to-day voted cash subsidies of \$2,000,000 to Canadian railways. A loan of \$15,000,000 was voted to the Grand Trunk Pacific because of the money stringency.

PRINCES TO HAVE "MOVIES"

Cinematograph Theatre Planned for Buckingham Palace.

London, June 4.—A cinematograph theatre is to be installed at Buckingham Palace for the benefit of the younger members of the King's family and their friends. The primary reason for this decision is that the King and Queen regard cinematograph entertainments as of high educational value.

A small salon has been set apart for the purpose, and the canvas will be comparatively small, but the apparatus will, of course, be of the best description, and the juniors of the family are keenly looking forward to having a picture palace on the spot. The work is not to be put in hand until their majesties leave London for Cowes.

PRICES JUMP AT HUTH SALE

\$12,665 Realized Yesterday, Making Total \$34,080.

London, June 4.—Higher prices ruled at the Huth sale to-day. A book of the Persian kings in Persian Talle characters, with painted miniatures, was sold for \$775.

"Flor di Urto Hystoriato," issued in 1519, with beautiful Forentine wood cuts, brought \$1,150.

"La Tolson d'Or," by Fillastri, published in 1517, brought \$350, and Foxe's "Book of Martyrs" \$800.

Martin Franc's "Le Champion des Dames," with a large cut of the author presenting the book to the Duke of Burgundy, published in 1485, fetched \$1,050.

The amount realized to-day was \$12,665, making the total for the three days \$34,080.

NO JAMAICA NAVAL STATION

Winston Spencer Churchill Makes Statement in Commons.

London, June 4.—The British government has no intention of building a big naval station at Kingston, Jamaica, as a consequence of the completion of the Panama Canal, according to an announcement made by Winston Randolph Churchill, First Lord of the Admiralty, to-day, in the House of Commons, in reply to questions on the subject.
